Dear Jonny,

It was nice to meet you at Centrala Radia Maryja during our visit to the Polish community to promote state's recently expanded free breast and cervical cancer program.

Thank you so much for the time and effort you have dedicated to ensure that those who fight this terrible disease are not left alone. The Imerman Angels' commitment to connecting an individual fighting cancer with an individual who has beaten cancer in the past is both remarkable and unparalleled. The complexities and challenges that individuals who fight cancer face, more than even, highlight the value of work that you do for individual families and the community as a whole. Your organization is an invaluable asset in Illinois.

Again, thank you for your commitment and effort to raise cancer awareness. I wish you the best of luck in your work and look forward to working with you in the future. Thank you.

Sincerely,
